A THOUGHT

A THOUGHT—M. H.
Provide things honest in the sight of all men.—Romans 12:17.

AN honest man's the noblest work of God.—Pope.

It is said that the equine population of the country is on the decline, but it may be interesting to know just to what extent this is true in Morgan county. The assessor's report for the year 1921 showed that Morgan county people owned 11,365 horses. The same report for the year 1922 registered 9,824 for the same territory.

At this rate of decrease the stock of horses in Morgan county would entirely disappear in the short term of six and one half years. However, this is altogether improbable, because the rate of decrease is not likely to be maintained. No matter how numerous autos, tractors and trucks become there will always be some draft horses used. The race horse breed will also survive unless racing laws become too stringent.

Those inclined to blame the administration for not doing its full duty toward the ex-service men will find reassurance in the report of the Treasury Department on soldier hospitals. During the last fiscal year twelve new hospitals have been completed under the direction of the Supervising Architect's office.

They contain 4,051 additional beds and are located in all parts of the country. In a short time another hospital in Missouri, providing 300 beds, will be completed, and another in New York City will be enlarged so as to care for 350 additional patients.

A GENERAL BUSINESS COURSE.

The High school of today teaches nearly every trade, and the elements of every profession. The courses are arranged under the heads of: Mechanical, which embodies the trades; Business, which includes stenography, bookkeeping, etc.; and College Entrance. Each of these courses

require so much of the student's time that he does not have either the desire or the time to learn even the rudiments of the other courses. Many women, and some men, are utterly at sea when business terms are used. Their education has not told them how the men of the world keep the wheels of industry moving.

The remedy for this situation some educators believe, is a general business course, compulsory, in the senior year. This course might embody the general principles of business and show the methods that business firms use in keeping their accounts straight; general principles of banking; facts about investments and the Stock Exchange. There are a thousand and one other things that every citizen of tomorrow, every future wage earner and the wife of every wage earner should know. Such a course might easily run thru a period of years and the problem would be to "boil down" a general business course to fit in with the time available for it.

THE PRESIDENTS' ATTITUDE ON INDUSTRIAL CONTROVERSIES

The Republican Publicity association makes this statement:

"There are a few belligerent individuals scattered over the country who have been clamoring for the use of military force by the Federal government for the termination of the railroad and coal strikes. These few men, who do not themselves feel the restraining influence of responsibility, criticize President Harding for the patient and deliberate manner in which he has endeavored to bring harmony where there is controversy, and to renew industrial activity where there is idleness. But the thoughtful man who advocates observance of Constitutional requirements and who believes in government by law rather than by hysteria, will heartily endorse the course the President has pursued.

"It must be remembered, too, that neither the merits nor the faults in connection with the coal controversy and the railroad controversy, are all on one side. The President would scarcely be justified in assuming to set himself up as practically a dictator unless events shall demonstrate that no other course promises protection of life, liberty and property.

Hasty action in the controversial stages of the present labor disputes would undoubtedly have brought injustice to one side or the other, and perhaps to both. The only duty of the executive, in a labor controversy, is to see that all citizens are protected in their right to work and that the decisions of legally constituted government tribunals shall be observed. Mr. Harding's past acts and utterances give assurance that he will neither usurp authority nor shrink a duty.

"The people may rest assured that if the time comes when con-

FATHERHOOD

MY kid; he's very wee and red,
There is no hair upon his head,
And—save when he is being fed—
He cries.
At least he cries a lot, I'd say,
But that's a new-born baby's way
(I asked the doctors, that's what they
Advise).

MY kid; he's such a tiny tyke
And he looks just exactly like
All others who have chanced to strike
My gaze.
But gee, the way his fingers cling,
If sort of makes my pulses sing
And I've been happy as a king
For days.

MY kid; an ordinary tot
No doubt, but oh, to me he's not!
He gives me pride that I cannot
Keep hid.

My heart is singing rhapsodies,
I'm dreaming dreams and phantasies,
And gosh, I'm proud of him, for he's
MY kid!

ditions call for the use of Federal power, the President, as Commander-in-Chief of the military forces, will give the necessary authority, and that authority will be exercised by a Secretary of War, who, like the President, is accustomed to perform his duties with deliberation, with wisdom, and with courage."

WELCH GRAPE JUICE

FACTORY 25 YEARS OLD

Today, July 28, is the 25th anniversary of the founding of the Westfield factory of the Welch Grape Juice Co. With passing years the factory buildings have been increased from time to time and various fruits added to the grape juice and grapefruit lines.

The prices paid for grapes have increased from \$10 per ton in 1898 to \$130 per ton in 1920. That price was so high that no crushing was done in 1921, the advanced price for the product having materially cut the sales.

During the whole period of the operation of the plant the company has paid into the Chautauqua grape belt the sum of \$7,335,478. Mr. Welch, founder and president of the company, has often visited Jacksonville, as he is actively interested in Illinois Woman's College.

STATE FIRE MARSHAL'S MEN IN CITY

James Wyse, deputy state fire marshal, was in Jacksonville yesterday on business, accompanied by Senator J. E. Bentley, an attorney for the department. The visit was made on account of a pending suit against A. Platt for failure to comply with a department order with reference to a building he owns. The case was called in Squire Bayha's court but was dismissed when the representatives of the fire marshal's office failed to appear.

Mr. Wyse stated that a misunderstanding about the hour set for the hearing was the cause of the dismissal.

While in the northwest Dr. Harker took the opportunity to spend two days at Glacier park and found that the story of its wonders has not been exaggerated.

RETURN FROM HELENA

Dr. J. R. Harker returned yesterday from Helena, Mont., where he went on affairs for the board of education of the Methodist church. A plan is under consideration for the consolidation of a Presbyterian college at Deer Lodge with the Montana Wesleyan at Helena.

At least half of the session was given over to a discussion of the hard road project to the west of Jacksonville, and thru Scott county. F. L. Mawson of the county board met with the directors. As a result of the conference it was decided that a group of Jacksonville citizens will arrange a meeting with Scott county residents to see if plans cannot be worked out whereby an agreement will be reached upon the roadway.

Several land owners object to the route as laid out by the state department, and as a result the state will not proceed with the improvement.

It is the policy of the department not to put down a road where there is any disagreement about the right of way.

The local men are very much in hope that some plan can be worked out for securing a right of way so that the road can be built next year.

CHILD RUN OVER BY AUTOMOBILE

A little son of Mr. Hayes, who is employed at the Starr dairy farm on the Morton road, was run over by W. T. Dodsworth's car Thursday morning. Fortunately, however, the little fellow did not seem to have suffered any serious injury.

The child was in a coaster wagon and Mr. Dodsworth said that he turned the wagon so suddenly toward the car that the collision was unavoidable. Mr. Dodsworth called Dr. C. E. Black to give the child any needed attention.

Mr. and Mrs. Orville Evans were callers among local merchants from Winchester yesterday.

C. OF C. DIRECTORS IN REGULAR SESSION

Committee Will Soon Begin Raising Mercedosa Bridge Fund—Seek to Find Plan For Pushing Hard Road to the West.

Directors of the Chamber of Commerce met Thursday night with President R. T. Rowe, presiding. Reports for the commercial division, the military affairs, Epworth League and industrial committees were presented by Secretary Welch.

W. A. Berryman as chairman of the committee arranging for the intercity tour, discussed with the directors the committee's plans. Mr. Berryman told of enthusiastic interest shown by people of Waverly in arranging for the serving of dinner there for their Jacksonville visitors. The Waverly band is to give a program while the visitors are there.

The people of Waverly and the other towns visited will be told the general facts about the coming chautauqua and the Morgan county fair.

The directors authorized Mr. Berryman to arrange some entertainment features and to carry out other plans that the committee has in view.

The Mercedosa Bridge

The secretary presented a communication from the Mercedosa Commercial association, stating that citizens there would like the promised fund toward the Mercedosa bridge improvement to be paid as soon as possible. The Mercedosa men stated their understanding that Jacksonville people would pay \$2,000 toward the fund. The matter of the method for raising this money was referred to the Jacksonville committee which originally considered the bridge project. Messrs. Vincent R. Riley, J. W. McRiggin, W. B. Rogers, C. J. Buhrer and G. B. Andre.

A communication was read from the Illinois Chamber of Commerce suggesting that the organization here join with others in the state in urging the government to call a special session of the legislature to take action with reference to the Illinois mining law. The thought is that the law should be changed in such a way that present qualifications for mining shall be amended. Under the present law no man can mine coal in Illinois without having a permit from the miners organization, based upon two years of experience.

In view of the present emergency, the local directors instructed the secretary to write to the governor and district officers, giving approval to the suggestion made by the Illinois Chamber of Commerce.

At least half of the session was given over to a discussion of the hard road project to the west of Jacksonville, and thru Scott county. F. L. Mawson of the county board met with the directors. MURRAYVILLE PICNIC WAS SUCCESSFUL EVENT

Annual Picnic of M. E. Ladies Aid Thursday Attended by Huge Throng—Day Crowded with Interesting Features—Winners in Prize Contests.

The twenty-fourth annual all day picnic of the Ladies Aid society of the Murrayville Methodist church was held Thursday in the park there. The attendance was the largest ever recorded at a picnic in Murrayville, people coming from considerable distances and from all directions.

Rev. J. W. Henninger, pastor of the church, was the general chairman of the day and he was assisted by a large number of the members of his congregation. There was an address in the afternoon by Hon. Henry T. Rainey of Carrollton, and the Woodson band furnished a splendid musical program thruout the day and evening.

More than 400 gallons of delicious burgoo soup had been prepared for the occasion and every gallon was sold. Cafeteria lunch was served and the patronage was so liberal that all the tables were disposed of before night came.

An interesting feature of the program was the ball game between the Jacksonville Indians and the Murrayville Ramblers, the latter team winning by a score of 6 to 2.

Prizes in Contests

The prize contests were conducted from the park pagoda, the entries being numerous and competition keen. The various contests and the winners are listed below:

Members of the Business and Professional Women's club are planning to meet at the Rialto theatre this evening. The members are expected to meet in front of the theater at 6:55.

LITERBERRY

Rev. W. R. Johnson filled his regular appointment at the Baptist church Sunday morning and evening. The morning sermon was from the reading, John 21:15 to 20. The minister preached a splendid sermon from this reading and closed by these words "If we love the Lord we will do something for Him; we will walk for Jesus if we love Him." The subject for the evening sermon was "The Prodigal Son," and it was made very interesting and plain to understand, by the way Rev. Mr. Johnson presented it to the congregation. There was some extra music with it and altogether it was very good.

Irene Louise Daniels, little daughter of Mr. and Mrs. John Daniels, found a bottle of iodine Monday morning and put some of it in her mouth. Dr. Obermeyer was called and administered the required remedy. At last reports she was resting comfortably and her mouth seemed to be better.

Samuel Dinwiddle has finished threshing his wheat and the yield averaged a little more than 36 bushels to the acre.

Miss Eleanor Guy of the Ivies reports a very pleasant and profitable week spent at Shirliff college at Alton in the mid-summer assembly for the young people of the Baptist denomination. She returned home Saturday.

Chester Brainer of Meadow View farm was on our street Saturday.

J. M. Daniels and family and Willard Young and family drove to Mercedosa Sunday and had a pleasant outing.

Mr. and Mrs. James Petefish and Helen are spending the week at Clear Lake, enjoying their vacation.

THE SCOTT the Latest Thing in an Alarm Clock

Do you like your eggs boiled exactly three minutes? And do you get tired and often lose count watching the minute hand on the watch? Let the Scott Alarm Clock watch for you. The Scott is the last word in the Alarm Clock line. It is equipped with an alarm that can be set to go off at the exact minute wanted. Besides arousing the family at the wanted time of mornings it can be put to valuable use throughout the day, in timing the cooking of foods, in giving medicine in the sick room, and in a hundred and one other ways where the keeping of exact time is essential. Let your next Alarm Clock be a Scott.

Come, See the Western Electric Dishwasher and Kitchen Table

Another
Item of
Household
Drudgery
Eliminated

We have the electric washer, the sweeper, the toaster, and a dozen other labor savers in the home, and now—the dishwasher.

Of all the household tasks a woman has to do, none does she dislike more than that of dishwashing—it's a mean, slavish, disagreeable work—three times a day, no matter the weather, no matter how she feels, dip, dip, dip, into hot, greasy dishwater. But, now all this is eliminated in the home—ten to fifteen minutes does the trick, in a clean, pleasant manner.

Here's How it Operates

First, the lower rack in the dishwasher is filled with plates, saucers and platters. The silverware is also placed in the proper compartments.

The upper rack is then put into the dishwasher, and cups, pitchers, and glasses are placed in it.

When all the dishes are in place a tea kettle or an eight-quart bucket full of hot water in which a tablespoonful of washing powder has been put, is poured into the dishwasher and the lid is closed.

The motor is then switched on. This turns the paddle wheel which throws the water at great speed over and around every article, thoroughly cleaning all sides of dishes and silverware.

In eight minutes the dishes have been washed and are ready for rinsing. The water in the dishwasher is then drawn off and another eight quarts of boiling water for rinsing is poured in.

In three minutes, the dishes are rinsed and the motor is turned off.

It is only necessary to dry the silverware and glasses, which must be polished with a dry towel. By the time this is done, the china has dried of its own accord and is ready to be placed in the china closet.

The dishwasher cleanses itself, because the same water that rinses the dishes also rinses out the machine.

The dishwashing has taken only 12 to 15 minutes, with practically no work on the part of the housewife and with no dipping of hands into hot greasy dishwater.

ARCH PRESERVER
SHOE

Save Your Feet—

Trouble waits for no one, especially foot trouble. It is upon you without warning and remains a long time. Guard against foot troubles NOW, then you are spared long years of suffering and annoyance.

ARCH PRESERVER SHOES are built with one specific purpose in mind—to save feet. And the saved foot means a comfortable foot. This shoe protects the foot where protection is needed—from beneath.

Its broad, long, built-in bridge gently yet firmly supports the arch, evenly distributes the weight and enables the wearer to walk with an erect, graceful carriage.

Of this we are certain, that the genuine Selby Arch Preserver shoe will PREVENT practically all forms of foot trouble. If you feel your feet becoming tired early in the day or unduly tired at night, you should get into a pair of these famous shoes at once. Beware of acquiring a bad pair of feet or broken arches.

Of Course You Will Buy Some
Hop Flavored Malt Extract

THE only question is which one will you buy? Good hop flavored malt sugar syrup is made out of choice No. 1 malt barley and imported Bohemian hops. It is filled with sugar, rich with malt, full hop flavored, and almost free from moisture.

A cheap hop flavored malt extract, on the other hand, is low in sugar content, flat in malt value, and weak in hop flavor, because it is filled with moisture, adulterated with cheap corn, and flavored with low grade loose hops.

Such a hop flavored malt extract is of no earthly value even after you have bought it.

There is no reason for experimenting in buying malt extracts because Puritan Hop Flavored Malt Sugar Syrup sets the standard all over the world both as to quality and as to price.

You can't pay more and get as good a quality as you get in Puritan and you can't pay less and get anything worth taking home.

Puritan is the richest hop flavored malt extract made anywhere in the world, and, because of the enormous quantity produced, it is as cheap in price as you can afford to pay.

Many Men Added
The Chicago, Rock Island & Pacific reported 287 shopmen added to its force today the Atchison, Topeka & Santa Fe said a total of 288 men were put to work, bringing its shop force to 55 percent of normal, the Illinois Central said its shop force was now 80 percent normal, and the Chicago, Burlington & Quincy said 1,100 shopmen had been added to its force in the last three days this including 300 today.

The Burlington, the statement said from July 1 to July 24, brought to the Chicago, Omaha, Kansas City, St. Joseph and East St. Louis markets 8,592 carloads of livestock, only two of which failed to make the market. During the same time, sugar refineries on its lines loaded 410 cars

of sugar as compared with 417 in the same period in June, the statement said.

The eastern lines according to the statement have sixty percent as many employees working in their shops as before the strike started.

With attention turned to Washington where union and rail executives conferred with the president today the situation here remained practically unchanged.

Reports of violence thruout the country today were few and there were no serious disorders.

LIQUOR INVESTIGATION
IN ROCK ISLAND

ROCK ISLAND Ill., July 27.—Prohibition officers who have been investigating conditions at Rock Island for several days have obtained affidavits, it was announced today, to the effect that large sums of money have been paid for protection against violations of the Volstead act and the white slavery law. Officials and political leaders may be involved in prosecutions as a result of the investigation it was asserted. In addition to the federal investigation the board of city police commissioners is conducting an investigation into alleged irregularities in the police department of which Thomas Cox is the head. The chief announced today that he would not resign despite the investigation which is said to have involved him. Twenty two persons have been arrested recently and charged with bootlegging.

GOMPERS SURPRISED
AT CONCERN SHOWN
OVER DEAN MESSAGE

Says Person Has No Official Standing With Labor

(By The Associated Press)

NEW YORK, July 27.—That "a man of straw"—a fictitious personage without official standing in labor circles—sent President Harding the message which last night drew a lengthy reply from the white house reiterating the governor's position on the rail and coal strikes was the belief expressed today by Samuel Gompers president of the American Federation of Labor. Mr. Gompers expressed surprise that the administration should have shown such concern over the J. Cleve Dean message as to have replied to it, especially since, he asserted the white house apparently was "all in the dark" as to the identity of the sender or his capacity in official circles or organized labor.

Does Not Know Man

"The white house called me yesterday asking if I knew this man," said Mr. Gompers. "I told them I did not and had no record of him as an official of American labor. I am positive of one thing, and that is that the author of the letter to President Harding 'is not' chairman of the Railway Employees Publicity association. In view of the undetermined position of the man I am surprised the president answered him."

Mr. Gompers expressed regret that he was unable to remain in Washington today while the expected conference of B. M. Jewell with President Harding and other federal representatives was in progress.

"I feel certain that a meeting between these gentlemen at this stage of the rail strike will result in a settlement within a very few days," he declared.

WANT RECIPROCAL
SHIP SEARCH PLAN

(By The Associated Press)

WASHINGTON, July 27.—A reciprocal arrangement under which both the United States and Great Britain would be permitted to search one another's merchant ships in certain zones outside the three mile limit forms the basis of the plan which has been suggested to the British government by Secretary Hughes to prevent rum runners from approaching American shores.

As outlined today in authoritative quarters the recent American note was said to treat the reciprocal search plan as standing outside international law but to be desirable as a special arrangement.

TRAINING PILOTS

(By The Associated Press)

WASHINGTON, July 27.—Army dirigible C-2, left at 5 o'clock this afternoon for a round trip flight to New York for the purpose of training pilots in night flying. The ship was expected to arrive over New York about 10:30 P. M., and thru arrangements with the aeronautical chamber of commerce of that city, searchlights were to pick her up as she circled above the city at about the time theater crowds were homeward bound.

The ship planned to pass over Baltimore, Philadelphia and other cities in her flight and return here about daylight tomorrow.

The Jacksonville Chautauqua is independent and because it is independent it is different from the usual run of Chautauquas. Its management, entirely local, selects every number on its program. No agency sends a cut-and-dried program here such as used by towns with circuit Chautauquas. The noted Chautauquas such as Chautauqua, N. Y. and Winona Lake, Ind., are all independent because they are permanent, secure the best talent and select programs to fit their communities.

Our 1922 program includes 20 concerts by such organizations as Morgan's Rainbow Division Band with 30 men. The Hadley Concert Company with 7 people, the Sholla Orchestra with 6 Shollies, Brown's Jubilee Company of 6 vocalists and the Tschalkowsky Quartet.

The lectures number 25. The speakers include William Jennings

Bryan, U. S. Senator Pat Harrison, John G. Benson of Travelers Church, New York, Ada Ward, famous English speaker and entertainer, S. J. Duncan Clark, editor and author, Victor Hahibaksh from India, S. A. Hahibaksh from Galilee and other equally fine lecturers.

A cartoonist, a magician, and a character-comedian and the Nettles, musical entertainers, are on for entertainment.

Adult subscribers season tickets may be had for \$2.50 while they last. With a season ticket you can enjoy any or all of the programs. The program for any single day is worth the cost of the season ticket. Lots of us have paid as much for single events no better than many on this program. It is marvelous that ten days' programs including such well known and excellent speakers and such large musical companies can be

presented at so low a price. Community service on the part of the directors does it. It has always been the policy of the management to fix the price of season tickets as low as possible to maintain the quality of the program and the programs have been such as to give our Chautauqua the reputation among Chautauqua managers and talent of being one of the best in the country. General conditions have increased the cost of everything which goes into the Chautauqua hence the price of tickets has been raised slightly as the 1919 and 1920 assemblies showed deficits. Even so season tickets are lower in price than those of similar assemblies and no greater than is charged by most of the 3, 4, 5, and 6 day circuits.

OPERATIVE COAL MINING IN KANSAS

duces Large Part of 6,000 tons That is Mined Daily in Kansas Coal Field.

PITTSBURG, KANS.—Cooperative coal mining in the Kansas field is responsible for a large part of the more than 6,000 tons being produced in the field.

In spite of the strike, the Kansas field has been producing coal in considerable quantities from the first. Most of it has been shipped on railroads. Some of it has been trucked out to Joplin and other points where there has been a market for fuel.

In the other class of cooperative miners. The first comprises men who operate small or "dinky" mines and are in fact the real operators of the mines. The second comprises the men who are working at large mines under company supervision.

The first class is not new in the Kansas field. The plan is simple. A small group of miners sometimes half a dozen and sometimes fifteen or twenty—organizes and leases a small mine. The owner of the property is to receive a royalty of 25 to 50 cents a ton for the coal. The men operate the mine themselves and divide the profits.

In the other class of cooperative mining, the operations are on a larger scale. Officials of the miners' union assert the plan is simply a ruse to permit miners

to work and still not break with the union. "Soviet" is the term applied by one of the district officials.

Under this plan of cooperation the men organize to work a mine. The work is to be done under the supervision of a company foreman. The men are paid so much a ton for the coal they dig, loaded on the cars. At the Sheridan mines, it is said, the men receive \$2.50 a ton. The men pay half of the salary of the foreman and the company pays the other half. The company pays the men for the coal that is loaded and the men divide the proceeds.

This plan is in use at Sheridan mines Nos. 14, 12, 18 and 19, all large shafts. The agreement between the company and the men is said to be rather loose, permitting discontinuance on short notice.

Organizers for the union say that all the men who are working at the Sheridan mines have become operators and thereby have put themselves out of the union.

DE KALB TREASURER SHORT IN ACCOUNTS

(By The Associated Press)

SYCAMORE, Ill., July 27.—Bondsmen of Walter M. Hay, county treasurer of DeKalb county in whose accounts they announced a shortage of \$51,000 had been found, today placed L. O. Shaffer, of Sycamore, in charge of the treasurer's office. This action was said to have the consent of Hay, who was reported to have no intention of resigning.

Hay was said by one of the bondsmen to have lost heavily in deals with E. M. Fuller & Co., Chicago and New York brokers, recently placed in receivership. The announcement of the shortage in the treasury funds was made following a meeting of the bondsmen and bankers last night.

No intimation of prosecution of Hay has been made today and it was asserted that the shortage largely would be covered by property turned over to the bondsmen by Hay.

It was believed here that Hay would continue to serve out his term as treasurer with Shaffer in the office as representative of the bondsmen.

BLIND MAN STATE'S PREMIER OPTIMIST

Is William D. Farthing East St. Louis Attorney—Is Graduate of McKendree College.

EAST ST. LOUIS, ILL.—A blind man has been given the sobriquet of "the premier optimist" of Illinois.

He is William Paul Farthing, a young practicing attorney of this city. Mr. Farthing, because of his habit of cheerfulness in the face of all odds, has been elected president of the East St. Louis Optimist club. He is also president of the St. Clair county Bar association.

Recently the local Optimist club sent Mr. Farthing to Kansas City as a delegate to the national convention of the organization. He made the trip unaided and is said to have made the local organization a very prominent factor in the convention by his activities.

When the constitutional convention was in session several months ago, Mr. Farthing was given a mission of great import to East St. Louis and St. Clair county. He was sent to Springfield to lobby for a separate county court for East St. Louis. Virtually unaided he appeared before the convention, and though a stranger to its members, successfully piloted the campaign of this city for a separate court.

Mr. Farthing is a graduate of McKendree college, Labanon and of the law school of the University of Illinois, from which he was graduated with high honors. He is in partnership in the law practice with his brother, Chester Farthing. The latter read law to his blind brother, while in the university.

In the trial of cases the sightless man, of course, must rely on his memory for all testimony, all the law points involved and all the rulings of the court. His memory has become unusually well trained through the necessity of circumstances.

An instance related of his trip recently from Springfield to East St. Louis, returning from the constitutional convention, illustrates the man's adaptability to circumstances and is one of the many things that has led Optimists who have met him to place him at the head of their clan.

While riding on the Illinois Traction system, he occupied a seat across the aisle from a group of men playing cards. The men commented on his ability to join them in the game. Mr. Farthing suddenly astonished them, challenging the whole group to a well-known game of chance. Taking a deck of cards, he marked them by means of a pin with Braille symbols. When the game was over the gentlemen challenged virtually were denuded of funds. At one point the trolley flew off the wire, leaving the car in darkness, since it was night time. It was then that the challenger's revenge was sweet, for he admonished the men to keep right on playing.

Mr. Farthing lost his sight through an accident at the age of 12. He is married and has three children.

WOMAN PACIFIST MAY REVEAL IMPERIAL SECRETS

VIENNA — Countess Hetta Trauberg, the German pacifist who was interned by the Germans during the late war because she condemned submarine warfare; the deportation of Belgian and French women and children, and the treatment of Allied prisoners, has been expelled from Germany because she still persists in her peace propaganda.

She is at present in Vienna where she is compiling a book deriving much of her material from the archives of Vienna. She is said to have secured war letters exchanged between the Emperor of Russia, Emperor William of Germany and the Austrian Emperor Francis Joseph.

PIKE COUNTY TO HOLD BIG FARM BUREAU PICNIC

Pittsfield Will Be Scene of Large Gathering Aug. 16—Horseshoe Pitching, Contest to Be Chief Feature of Program.

Pittsfield, July 27.—A silver loving cup will be awarded to the community council that sends the winning team at horseshoes to the Farm Bureau picnic August 16. The loving cup, which will cost \$15 or \$20, will be awarded as an annual trophy to the council sending the winning team and will become the permanent trophy of any council winning three times in succession. The third annual horse-shoe contest promises to be of unusual interest. There are 17 community councils and each is privileged to enter a team. Entries must be made by August 12. The rule limiting contestants to bona fide Farm Bureau members has been stretched so as to admit the sons of any Farm Bureau members in good standing. It is probable that under the amended rule there will be at least one kid team in the tournament.

Walter Fox of New Canton is said to have a boy who can out-throw his dad any time and Carson Wike has a boy who from all reports is equally as good. They are very likely to win the honor of representing New Canton at the meet. There is a rumor that J. O. Conklin and Ross Shinn may enter from Griggsville and they sure pitch a wicked shoe. Conklin is onto all the curves of the game as he has played at the Florida beaches and his performance will be worth watching. Conklin had been booked for referee, but if he enters as a player it will be necessary to select another. The Moore brothers, New Salem's championship team, will be split up this year by the Farm Bureau membership rule, one of the brother's not being a member, but George, who is a member, doubtless will be in the game with a partner that will make New Salem a formidable contender.

The two-time champions of the two meets that have been held. It is certain that at least six community councils will enter teams, namely, New Canton, Griggsville, New Salem, Chambersburg, Detroit, and Pittsfield. It is rumored that Cap Ace Kiser may get into the harness for Pittsfield.

The Farm Bureau picnic committee has secured the Illinois State band at Quincy for an all-day engagement at the farmers' picnic August 16. W. P. Thompson, manager of the band, has agreed to furnish 26 musicians. The band programs will be from 10 to 11 o'clock a. m., from 12 to 1:15 p. m., and from 3 to 5 p. m. The band has the reputation of being one of the best in the state.

KIWANIS CLUB MEETS IN WEEKLY LUNCHEON

Varied Program at Thursday Session of Club Members—Talks Made by A. T. Capps and W. A. Berryman.

The regular weekly luncheon of the Kiwanis club was held Thursday noon at the Peacock Inn. President F. E. Farrell presided and introduced as the latest addition to the membership roll Gottlieb Steffel, manager of the Jacksonville Creamery Co.

William A. Berryman, chairman of the auto trip which the Chamber of Commerce is arranging, told briefly what it is hoped to accomplish by this expedition. Kiwanians are especially interested in this trip because the winners in an attendance contest are to be given a dinner at Waverly on that date, their hosts being the members of the losing team, captained by J. G. Berger. The captain of the winning side was S. W. Babb.

A. T. Capps was the other speaker of the day, discussing the present situation in congress over the tariff on wool. Mr. Capps stated that if the proposed tariff of 33¢ a pound on all grades of wool goes into effect the result will be an increase of \$4 to \$6 in the price of a suit of clothes and from \$7 to \$9 in the price of an overcoat. He pointed out that the burden of the tax will fall upon the poor man. The speaker said that there were many parties directly and indirectly concerned in the tariff and gave the reasons why some of the parties are so anxious to secure a higher tariff. The attendance prizes for the week were awarded to Percy Coover and C. E. Williamson, Mr. Coover was also the winner of a prize by virtue of being able to name each member of the club and to tell in what business each is engaged.

TWO ARRESTS MADE HERE YESTERDAY

German Rowe of Merritt was arrested here yesterday by Chief of Police Frank Kiloran on charges of forgery and trading mortgaged property. He was taken to the county jail to await trial. Rowe is said to have given forged notes in payment for two used cars.

A Mr. Fichner of Springfield was arrested by Motor Officer Reynolds yesterday on a charge of disobeying the motor ordinance. He had parked on a double space and when asked to move by the officer refused to do so. He was taken to the police station, pleaded guilty and was fined \$5 and costs. As he was without funds the fine was paid by the two ladies who made the trip from Springfield with him.

CLUBS AND SOCIETY

Point Worth White Class Met.

The Worth White class of Point church met at the home of Miss Grace Middleton. The devotional exercises were led by Mrs. Estella Hills. An excellent paper on "Children of the Bible" was given by Mrs. Fred Tendick. The topic, "How to Make the Class More Interesting" was discussed by the members. Roll call was answered by a verse of scripture from the Old Testament. Several selections on the Victrola were enjoyed by all. During the social hour the hostess served delicious refreshments. On account of the Chautauqua there is to be no August meeting. On Sept. 26, the class will meet with Mrs. Charles Middleton.

American Legion to Give Another Dance.

Another benefit dance will be given by the American Legion on the State Hospital platform Friday evening, July 28th. Dr. Hill has again generously agreed to donate the use of the platform to the Legion men and a large crowd is expected to attend. The music will be furnished by the Dunlap Reynolds orchestra during the hours between eight and twelve.

Birthday Party for Miss Dorothy Wilner.

Miss Dorothy Wilner was the guest of honor at her sixteenth birthday party, given by her grandmother at her home on Railroad street Wednesday evening. The party was a surprise and the forty guests spent the evening in game and musical numbers. Refreshments were served following the evening's pleasure.

Among the guests were Mr. and Mrs. Arthur Beal and son, and Mr. and Mrs. Charles Beal of New Berlin.

Mrs. Brainer Entertains Wives of Patriarchs.

Mrs. E. H. Brainer, 505 Webster avenue was the hostess to the Wives of Patriarchs yesterday afternoon. The meeting was the regular monthly session. The program included several numbers by Miss Nettie Meek and Fred Houston, two pupils of the Illinois School for the Blind. Refreshments were served during the afternoon to the twenty guests present.

Entertained at Dinner.

A charming one o'clock dinner party was given yesterday by Mr. and Mrs. Joseph Walters at their home, 232 Pennsylvania avenue. The affair was in honor of the following out of town guests, Mr. and Mrs. Homer Lindsay, of Chicago, and Mrs. Catherine Hale, of Ossawatimie, Kansas. Mrs. Hale is a sister of Mr. Walters. The dinner was served in several courses and the tables were tastefully decorated.

Party in Honor of Randall Stout.

Yesterday afternoon Randall Stout was tendered a very enjoyable party by his parents, Mr. and Mrs. Tilman Stout of 950 North Church street. The affair was attended by thirty children and began at three o'clock. Mrs. Stout was assisted in entertaining and in the serving of charming refreshments by Mrs. Ernest Stout, Mrs. Alpha B. Applebee and Miss Edna Stout.

PERSONAL PROPERTY FIGURES ARE LOWER

Assessor's Totals Show County Loss of More Than One Million Dollars By Comparison With 1921.

The extensive work of compiling the totals in the assessment of personal property in Morgan county has been completed by Grant Graff, assessor and treasurer, his office deputy, W. H. Self, and assistant, Robert Mutch. The figures show a lowering in total value of more than \$1,400,000 in comparison with 1921. This is sufficient to reduce assessed values of property by approximately \$700,000.

Some sharp changes are noted in the various farm animals and property by comparison with last year, and special interest attaches also to the figures on automobiles. In 1921 the county had 3,184 cars and this year the number was 3,183. However, the cars last year had a valuation of \$941,539, by comparison with this year's valuation of \$640,923.

It is understood that the number of cars in the city of Jacksonville has increased during the year by 107, but the number was considerably reduced outside of Jacksonville.

The totals for the two years are given below for comparative purposes:

Strang.

Miss Nancy Strang, 70, passed away at Our Savior's hospital yesterday after an illness of many months. The remains were taken to the Reynolds funeral parlors and prepared for burial.

Deceased has been a resident of this city for many years and has been an active member of the Bethel A. M. E. church. She is survived by one brother, Jean Strang of this city.

Funeral arrangements will be made today under the direction of the Tabernacle Lodge Number 333.

ORDRAIN FOX MAKES BRIEF VISIT HERE

Ordrain Fox made a few hours' visit with his parents, Mr. and Mrs. F. W. Fox, here yesterday. Mr. Fox is now one of the general superintendents—

for the Redpath Chautauqua bureau and left last night for Mt. Horeb, Wis. He will have charge of chautauqua circuits in thirty-eight Wisconsin and Michigan cities during the next two months. Six chautauquas are operated at one time and Mr. Fox has general supervision of the group. He began the season in February and was in the southern states until a comparatively recent time.

That Mr. Fox has made good in his work is indicated by his promotion.

COMPLAIN ABOUT ROUGH PAVEMENT

A number of motorists who live west of Jacksonville and who have business in this city make complaint because of the rough condition of the West Lafayette avenue pavement. It has been possible for the city to level up some of the depressions in that pavement, but funds at hand will not permit the repairing of the whole street.

MRS. NEWTON GILLHAM DIES AT WINCHESTER

Long Time Resident of Scott County Passed Away Wednesday Night—Other Winchester News.

Winchester, July 27.—The death of Mrs. Newton Gillham came at 9 o'clock Wednesday night at the family home in Winchester. The deceased had been ill for six months past and her condition had been considered serious for a number of days. Everything possible was done to relieve her condition, but without avail.

The deceased before her marriage was Miss Ida Bunce and she was for many years one of the prominent residents of the county. A woman of refinement and devoted to her home and family, she exerted an influence in the community which made its mark upon many.

The deceased was a member of the Baptist church and her life was one which was in accord with the teachings of that church. Surviving are the husband, a city caller Thursday.

WHITE HALL SHOWS
SIGNS OF PROGRESS

Many Evidences of Advancement Noted in Greene County Town—Industrial Situation Is Gratifying.

White Hall, July 27.—Students of civic progress and general community affairs note with enlarged satisfaction the evidences of advancement in White Hall, that are now proving what was stated in these columns several weeks ago. There is another consideration, however, in the enlarged trade that is unquestionably accruing to White Hall. Last Saturday actual count revealed 160 automobiles parked along Main street at one time, not counting the moving traffic, and there was no band concert or extra attraction in the business section other than the coming of the people of the rural section in larger and increasing numbers. This emphasizes the wisdom of the enlarged parking space that is to be provided the entire circumference of White-side park. In an industrial way the clay plants are rambling right along with a coal supply that will maintain operation until September first if no more shipments arrive. All the domestic coal is obtained from local banks, a grade of coal that is not suited to kiln burning, but for domestic purposes the getting out of the local coal is affording no small item of employment. A remark by Landlord Lindsey, of the Stock Hotel, is applicable when he said: "This town don't know what hard times are." Lindsey is one of those hard-boiled boosters whose statements get under the skin in an effective way.

Many New Residences.

Buildings and improvements afford the best evidence of the advancement noted at the outset of this article. In the residence line the leading transaction is the purchase of the Hutchison property by C. H. Giller. This is located immediately south of the M. E. church on North Main street, and is one of the old landmarks. Mr. Giller will move it to the rear to face Carrollton street and give it a thorough overhauling for the occupancy of his family.

Following the North Main trail it will be noted that the imposing Seth N. Griswold residence is now a thing of the past, and that in its place will soon be arising a new high school structure that will be a credit to that important section of the city. The Griswold residence was built in 1866 by the late Judge L. T. Whiteside as a farm home. At that time it was the only residence on the east side of that street north of the Ruckel residence. It was 25 by 30, brick, two stories, and with the building of the porch and the rear addition in 1888 became the most imposing residence on North Main, where in later years were held of the leading social events in the history of White Hall that produced lasting gratitude for the hostess in the hearts of scores, many of whom received their first social consideration there. Judge Whiteside died in April, 1896, and his wife followed in December, 1904. The property then reverted to the daughter, Mrs. Seth N. Griswold.

The garage of the Griswold place has been moved to the Schier place further north, and is being converted into a most desirable dwelling. Over toward the railroads in the Raines addition Bert Barrow has completed an excellent residence and garage, and there are several new homes to go up in that neighborhood when satisfactory terms with Mr. Raines are completed. The new school proposition has given that section a lift. Already mention has been made of the new handsome residence of R. A. Barton, the commercial man, which fronts on North Main, which, like the Barrow home, has a stucco finish.

To Improve Theater.

A most notable improvement item is the action of the directors of the White Hall theatre Co., in authorizing improvements on the Princess theatre to the extent of \$10,000. This will include a pipe and orchestral organ that from descriptions reminds one of the great organ in the Mormon temple. It is to be ready for installation in sixty days and in operation fifteen days later. Miss Mildred Morow will spend August in Chicago in special training to take charge of this instrument.

The foundation for the addition to the First Baptist church is nearing completion, and bids for the construction of the building will be opened August first. There has been delay in final plans for the library building on account of certain details that are to make it a model of modern libraries. Nothing has been given out by Mr. Lindsey as to his plans to bring about a new hotel for White Hall that will be adequate for the needs of the town.

Fred Wenken is completing a modern five room dwelling with bath opposite his home in the south part of town. Painters and paper hangers are busy everywhere. Even the C. & A. railroad painting crew has been here for over a week to bring the station up to something like the new White Hall standard. The Gem Cafe passes from George Dyer to Benjamin Walker and Oscar Watt August first, and they will add to this already excellent restaurant. Mr. Dyer and family plan to join their daughter at Champaign. Dispatcher G. A. Green has a new garage in connection with his home on West Bridgeport.

The improvements here noted as actualities aggregate about \$130,000 without including the reconstruction of the gigantic sewer pipe kiln at these works and the likelihood of a new brick plant if the persistent efforts of James Pegram result in anything.

O. M. OLSEN, PRESIDENT

The miners decided not to mine any coal this summer. That would produce a shortage this winter and, as a matter of fact, the mine owners and operators were satisfied to have it that way.

Now the President invites them to get together and of course they will. What's the use anyway? It all means that you will have higher priced coal. Now that this is attended to, you may save a few dimes or dollars to help pay for the coal and we're trying to help.

Three burner gas stove—white porcelain oven door; a neat stove and used less than a year. The new price of this stove is \$28.00. Ours is . . . \$12.00

We have only one floor lamp left. This is equal to any \$35.00 lamp in Jacksonville; mahogany stand, 24 inch silk shade with fringe, half price. . . \$17.50

A neat new dresser; fine workmanship and finish, fair size French mirror. \$20.00 regular price. . . \$15.50

AGED RESIDENT OF MEREDOSIA IS BURIED

Funeral of Mrs. Mary A. Butcher held Tuesday afternoon at M. E. Church—Interment in Oakland Cemetery.

MEREDOSIA, July 25.—Funeral services for Mrs. Mary A. Butcher were held at the M. E. church at 2:30 Tuesday afternoon. Rev. G. W. Holmes was in charge of the services, and music was furnished by Mr. and Mrs. D. Berger, Miss Nellie Waldon, and A. G. Pond with Mrs. L. H. Yost at the piano.

Those who cared for the flowers were granddaughters of the deceased, Mrs. Ethel Crum, Mrs. Hal Naylor, Mrs. Edith Unland, Mrs. Ida Ward, Mrs. Jennie Unland. Interment was made in Oakland cemetery and the bearers were Hal Naylor, Frank Butcher, Russell Brockhouse, Harry Butcher, Roy Butcher, Gussie Butcher.

The deceased was born Feb. 16, 1826 at Picketon, Pike County, Ohio and departed from this life at 1:30 Sunday afternoon, July 23, 1922 at the home of her daughter, Mrs. J. F. Brockhouse. She was 96 years, 5 months and 7 days old and was the youngest of five children of Thomas A. and Sarah Boles Thorpe. She received her education in the early log cabin subscription schools and grew to young womanhood in the same vicinity where she was born.

On Dec. 22, 1850 she was united in marriage to Adam Butcher. In 1857 they removed to Illinois. Their means of transportation was "Prairie Schooner", drawn by two teams. They first settled on the Irving Siebert farm at the foot of the bluffs near Meredosia and for several years they rented farms at the end of which time they purchased the farm a mile and a half east of Meredosia at which place Mrs. Butcher lived until twelve years ago, when she moved with her son to Meredosia where the remainder of her life was spent.

This union was blessed with nine children, three boys dying in infancy. Her companion preceded her in death Jan. 5, 1883. The children who survive are five sons, Roland of Jacksonville, Royal of Mt. Auburn, Josiah, George and Albert and one daughter, Mrs. J. F. Brockhouse of Meredosia.

For the past 27 years Mrs. Butcher has made her home with her son Albert and wife. Four weeks ago she was taken to her daughter's home on account of her serious illness. And after a brief illness of 10 days she passed in to the life beyond. "Grandma" as she was so familiarly called by everyone, altho heretofore of her sight for many years was always cheerful and patient. She will be greatly missed in the home and the community. She was a kind and loving mother, a good neighbor and kind to every one. She is survived by 23 grand children and 36 great grand children and a number of nieces and nephews who with a host of friends mourn her departure.

Rev. G. W. Holmes conducted the services. Singers were H. D. Berger and wife, A. G. Pond.

"TAKE ALONG A BOOK"

New books on travel at the Public Library.

A Wonderland of the East, comprising the Lake and Mountain Region of New England and Eastern New York, by William Copeman Kitchin. This is a handsome large book for those who love to wander among beautiful lakes and rivers, valleys or mountains, or in places made famous by historic men and events. The author adds an after-word on the things he feels are really worth while in this Wonderland of the East, with some suggestions to motor tourists and how best to find them and gives guides, maps, plates and illustrations in color.

This volume is included in the "See America First Series" and is a splendid guide to any or all who are contemplating a motor trip thru the East and up into New England and the author has avoided exaggeration in estimating scenic or historic values of the many places of interest that most persons plans to visit some day. He describes the Mohawk Valley, the beautiful Hudson river, the Catskills, Adirondacks, the Lake George Country, the Saratoga Monuments, the Cooperstown district where our famous James Fenimore Cooper lived and wrote his Leatherstocking Tales, also many side tours in the beautiful finger lakes of Central New York state.

From New York state the author motored across into the White Mountains and Green Mountains, describing the wide-stretching panoramas of beautiful rolling country between the Hudson and the Hoosac Valley, which is also far-famed for its lovely landscape and scenery of great attractiveness. From there over the hills to the Merrimack and into the valleys of Vermont and finally into the Berkshires. With the possible exception of the Hudson and the Catskills, the Berkshire district is the most widely known vacation spot in the entire East. Its fame has gone forth to all parts of the world as America's inland Newport of wealth and aristocratic culture is associated with more of the great names in American letters and scholarship than any other rural region and has the most scenic beauty to be found between the Atlantic and the Pacific. This book is well worth reading and is recommended to all who enjoy a book of travel written by motor nomads. Get it at the PUBLIC LIBRARY.

SOME MORE IMPLEMENTS

J. A. Groves has seen considerable in the way of farm implements and described some of them to the writer.

In Russia he saw a bean thresher which was a small cylinder turned by hand and separated the beans slowly. Late a hand separator was used sometimes and largely by women.

In England he has seen many diminutive threshers owned by individuals and used in barn floors in rainy days. These only partially separated the grain from the chaff and hand turned wind mills were used later.

He has seen three styles of jumping shovel plows. Mr. Parlin, originator of the Canton firm of P. & O. invented several machines of this kind. They were also called new ground plows. Some were heavy enough to root up pretty good sized bushes and even diminutive trees. There were also various styles of bull tongues used. Sometimes when the ground was well pulverized and the corn dropped in the proper places a gate would be dragged over the field and covered the corn.

He also had an old style catalogue containing several cuts of side hills plows useful in their day. Also showed a cut of a queer contrivance called a two way plow so arranged that it left no furrow or edges but a perfectly level field after it had been used on it. Many other interesting cuts were in the old catalogue.

White Hall, July 27.—The organization of the White Hall K. of P. band has been completed with the election of the following officers: Secretary, Dr. W. T. Jones; manager, F. M. Nevius; director, F. A. Brooks; assistant director, Aaron E. Barrow. The foundation personnel of the new organization consists of sixteen members, as follows: Cornets, F. A. Brooks, J. V. Nevius, Earl Mackey, J. L. Suter, John Barnard; bass, F. M. Nevius; baritone, Aaron E. Barrow; slide trombone, Virgil Bowen; clarinets, E. B. Giller, Russell Knox; piccolo, Dr. W. T. Jones; alto, Arthur More, H. W. Gahuly, A. M. Nevius; drums, Greeley Vermillion, Vernon Spangenberg. The band has appeared on a number of occasions since their initial engagement on last Decoration Day, and they are arranging for park concerts during the autumn and will play for the Sunday school picnic on Aug. 24 in Gregory park. They are also under consideration by the chautauqua management to play throughout the week.

New Plant for Oil Company.
The Richardson Oil Co. of Quincy is erecting a warehouse and installing three 12,000 gallon tanks on a site immediately west of the purpose of engaging in the wholesale oil and gasoline business. O. Quinn of Quincy is directing the construction work, and upon completion the plant will be under the management of J. C. Myers of Camp Point, who is now a resident of White Hall. This is an improvement that was not included in the White Hall improvement survey earlier in the week, and it represents an outlay in construction of \$6,000. Another item to which attention has been called is the complete overhauling of the hotel building immediately east of the White Hall Lumber Co. that is to be occupied by Lewis Jones. The store room is being enlarged to accommodate a restaurant and grocery business that is to be conducted by Mr. Jones, making another improvement of approximately \$3,000.

Attended Funeral.
George Chism, Mrs. O. A. Morrow and Mrs. Delilah Duncan attended the burial of Mrs. Ellen Chism, aged 97 years, which was held Wednesday afternoon in the Chism cemetery, about three miles east of Rockbridge. She died on Monday at the home of her daughter, Mrs. Katherine Ryan, near Medora, following an illness of a few weeks. She was a pioneer of Macoupin county. Her husband died about fifteen years ago. Their home was situated on the main road between Jacksonville and Alton, and the Chism home was a stopping place for travelers in the stage days.

WAVERLY MAN HAS PAINFUL INJURIES

J. H. DeLong Badly Injured by Attack of Intoxicated Bull on Son-in-law's Farm—Other Waverly News.

Waverly, July 27.—J. H. DeLong was seriously injured Sunday afternoon when he was attacked by a furious bull while walking thru the pasture on the farm of his son-in-law, Roy Crum. The little grandson Raymond Crum saw the accident and called for help. His collar bone and shoulder bone were broken and there was also a slight concussion of the brain. His condition was improved sufficiently to be removed to his home Wednesday. It is thought that he will recover.

Mr. and Mrs. Fred Harvey and children returned Wednesday from a visit of several days at the home of Mr. and Mrs. A. F. Petty at Funk's Grove.

Rev. W. F. Huff of Ipava visited friends here a few days this week. He had been called to Lomani to officiate at the funeral of Levi Walker.

Miss Bess Turner arrived Monday from Spokane, Wash., and will spend the remainder of the summer with her parents, Mr. and Mrs. H. L. Turner.

Marion Burke of Champaign arrived Saturday for a visit at the home of his aunt Mrs. J. M. Duncan.

Donald Woods returned home Sunday from Auburn where he spent several weeks visiting at

the home of his grandparents, Mr. and Mrs. D. I. Martin.
Miss Alberta Tulpin of Chicago is visiting at the home of her aunt, Mrs. Orin McCormick.

PLANS FOR COUNTY AUTO TOUR PROGRESS

Waverly Chamber of Commerce Will Co-operate—Teams to Advertise Dollar Day Have Busy Time.

Word has been received from the Waverly chamber of commerce that they will be on hand to welcome the big county tour on Tuesday, Aug. 8. The Waverly organization has engaged the Waverly band to play for the occasion and help make the party's stay at their town a success. The tours committee has tentatively decided on Waverly as the town where dinner will be eaten. The ladies of the Methodist church have consented to serve the meal.

The tour committee has received pledges to take part in the tour from many people and things look bright for the enterprise.

The committee on distribution of dollar day advertising spent a busy time yesterday. They were taking placards from store to store and all committeemen gave the afternoon to the work. Over 120 merchants have so far agreed to participate in the dollar day sale.

The committee on publicity is still busy placarding the surrounding territory with the dollar day ads. The posters are being

tacked up as far as fifty miles away. This committee expects to have finished its work by this noon. More yellow posters had to

be ordered as the first supply ran out. This shows that there are many advertisements for the big affair far and wide.

PRESS WHIPS ELIS
IN OVERTIME GAME

Win Match by Score of 10 to 9—
Required Six Innings to Settle
Contest.

The Press whipped the Eli
Baseball team in the special
match game at South Side Park
Thursday evening by a score of
10 to 9. The game went six in-
nings before a decision was reached,
the Press scoring two runs
in the sixth inning.

Both teams hit the ball hard the
Elis getting ten hits and the Press
nine. Shelton and Haney struck
out nine men while Riggs whiffed
seven. Riggs and Johnson walked
four men while Shelton only
walked one.

Shelton in addition to pitching
also led his team at the bat get-
ting three hits in four times up.
Dickman of the Elis led his team
with three in four times at bat.

White Sox Nosed Out Boston in
Overtime Game—Leverett Was
Hit by Pitched Ball and Had to
Retire.

CHICAGO, July 27.—A tenth
inning rally enabled Chicago to
nose out Boston 4 to 3 today. Karr
was driven off the mound with
one run in and two men on, and
Piercy, who attempted to check
the rally, walked Hooper to check
a chance on Strunk, but the veter-
an singled to center, sending
home the winning run.

Leverett was hit on the back of
the head by a pitched ball and
had to retire from the game. He

ning 12 to 7. Bancroft scored
once in each of the first four in-
nings. Stock drove in six runs
with two home run drives. John
Stuart, former Ohio state star,

than one coming in an inning.
While he lost control momentarily
in the second and walked two
men in succession, he soon stead-
ied and held the Indians safe. He
struck out nine men, making Bet-
ton whiff three times.

Dennis did not pitch a bad game
of ball. All the breaks were
against him in the field, and this
with Stocker's hitting brought
home the bacon. Stocker hit safely
on every trip to the plate. Clark
tried everything on him but it
didn't make any difference, he
hit all of them.

Both teams played a good game
in the field, Murrayville erring
twice and the Indians once. The
bright feature of the game was
the work of DeFrates at third base
for the Indians. "Happy" figured
in two double plays and on the
second one made a phenomenal
catch of a foul off Harmon's bat
on which he doubled Rousey, who
had singled at first. The Mur-
rayville fans gave him a nice hand
for the catch. The locals pulled
off three fast double plays during
the afternoon.

Old man Cox at first played a
fine game for Murrayville and
saved the infield several wild
throws. Wheeler at first for the
Indians accepted thirteen chances
without an error. Kohloff also
made a good catch of a good play
on Ruble's hopper which took a
bad bounce.

Tom Doyle and Clark both
caught good games. Dyle had his
troubles with Fanning's slants
and was kept busy jumping for the
wide ones during the game.

How the Runs Were Made.
The Indians broke the ice first
in the third when they scored
their only runs of the game.
Kohloff, who was first up, singled
and stole second. Wheeler hit
Warren Wright who erred and
both runners were safe. Doyle
made a bad peg to third and Koh-
loff scored and Wheeler reached
third. Wheeler scored a moment
later when Stocker let Doyle's
throw, to catch the runner nap-
ping, get away from him. O'Reilly
was out. Fanning to Cox, and
Clark and Betton whiffed.

Murrayville took the lead in the
fourth. Stocker, first up, singled.
Cox hit to left field and the ball
took a bad bound and got by
Christopher. Before he retrieved
it both runners were over the pan.
John Wright singled and stole
second. Doyle flied to Christo-
pher by Ira Fanning's single sent
Big John home. Rousey was out.
Betton to Wheeler.

Dennis went along pretty well
after this spasm until the seventh
when Murrayville's batters got
busy again. Rousey, first up, sin-
gled. Harmon attempted to bunt
but the ball went foul and about
ten feet in the air. DeFrates, com-
ing fast for the bunt, put on
steam and picked the ball right
off the ground and by a perfect
peg doublet Rousey at first.

Warren Wright, with two down
and two strikes on him, singled
past DeFrates. Ruble hit one over
Christopher's head for a triple
and Warren scored. Stocker hit
his fourth safety of the day, send-
ing Ruble over. Cox was hit by a
pitched ball. John Wright dou-
bled back of second and Stocker
scored. The peg to the plate was
wide and Cox also attempted to
score but was out. Denney to
Clark to Denney.

That was all, the Indians going
out in order in the eighth. De-
Frates got a double in the ninth
with two down but Christopher
ended the game by going out.
Warren Wright to Cox. The

MURRAYVILLE WON
FROM THE INDEES

Defeated Locals at Murrayville
Yesterday by Score of 6 to 2—
Bunched Hits in Fourth and
Seventh Gives Victory.

By bunching hits off of Dennis
in the fourth and seventh innings
Murrayville defeated the Indies
at Murrayville yesterday after-
noon by a score of 6 to 2.

Murrayville loaded up for the
occasion, getting Lee Stoker and
"Rags" Harmon from Beards-
town. Stoker alone beat the In-
dies without figuring Jim Cox,
who was also imported and made
a scratch home run in the fourth
when the ball struck a mound in
left field and bounced past Christo-
pher. Cox and Stoker between
them were responsible for four of
the six runs made by Murrayville.
In addition to this, Ira Fanning,
pitching for Murrayville, had
the locals baffled thruout. He
allowed four safeties, not more

BENNY LEONARD RETAINS
HIS LIGHTWEIGHT CROWNLeonard and Tendler
Battle for Twelve
Fast Rounds

(Continued from Page One)
Two rights and rushed the cham-
pion into a corner. Leonard
crossed a hard right to the jaw.
Leonard missed a right and left.
Tendler had the better of a clinch.
Tendler landed a hard left and
followed with sharp uppercuts.
Tendler landed a short left.
Leonard countered with a right to
the body and followed with two
short uppercuts. Tendler con-
tinued leading and had the cham-
pion covering his face with both
arms. Tendler landed hard rights
and lefts to the head and then
three more lefts, to the jaw.
Blood was trickling from Leon-
ard's eye brow.

ROUND THREE—Tendler again
jumped into the lead, missing a
wide left. They clinched. Ten-
dler again was warned for hit-
ting in a clinch. Leonard com-
plained of Tendler's low hitting.
Tendler replied with a left swing
to the jaw. Tendler smiled.
Tendler had the best of a body
exchange and landed two rights
to the jaw. There was another
exchange at close quarters. Ten-
dler missed with his left. Ten-
dler told the champion "COME
IN AND FIGHT." Tendler rushed
Leonard to his corner at the bell.

ROUND FOUR—Tendler tap-
ped lightly to the ribs. They
exchanged at close range. Ten-
dler landed a left to the body.
Leonard countered with hard
right crosses to the jaw. The
champion landed short uppercuts.
Tendler followed with a cluster of
hard uppercuts to the body. Leon-
ard spat blood. Leonard missed
with right and slipped to his
knees. Tendler walked away.
Tendler kept punching away with
his left. Leonard landed hard
rights to the body. Tendler
sunk his left in the champion's
stomach. Benny took two hooks
to the jaw. Tendler was pound-
ing his right to Leonard's jaw at
the bell.

ROUND FIVE—At this point
newspaper men agreed that Ten-
dler was far in the lead. Leonard
was short with a right and then
plunged heavily into Tendler's
body, crossing his left to the jaw
and hooking his right. Leonard
outfought Tendler in a clinch.

Leonard put two hard rights
in Tendler's stomach. He added
another. Tendler landed rights
and lefts to the mid-section. Ten-
dler kept dropping his left all
over the champion. He missed a
long left uppercut. He had the
better of another clinch. Leon-
ard's best showing was in this
round.

ROUND SIX—Tendler's right
went to the stomach. Leonard
rocked Tendler with a left. He
added a right and left to the jaw.
Tendler missed with a left. Ten-
dler began to run away and
clinch. Leonard landed two hard
rights to the jaw. Tendler was
again warned for hitting low.
The champion splashed two more
rights to the body. Leonard be-
gan jabbing away with his left
and crossing with his right. Ten-
dler landed three hard lefts to the
head. The arena was in uproar.
Leonard shot a volley of rights
and lefts to the body and sent two
sharp uppercuts to the jaw. Ten-
dler's lips were bleeding and the
gore was on his chest when the
bell rang.

BOSTON WON HARD

Cubs Lost Game in Tenth Inning
When Powell Tripled and Scored
on Nixon's Single.

BOSTON, JULY 27.—In a ten
inning heavy hitting game Boston
defeated Chicago 8 to 7. The
winning run came with two out in
the tenth when Powell tripled and
scored on Nixon's single to right.
Ford not only made five hits, in-
cluding two double out of five
times at bat, but fielded brilliant-
ly, as did Hollocher. Christen-
bury made a home run and two
singles.

NEW RECORD SET IN
FREE-FOR-ALL PACE

COLUMBUS, O., July 27.—The
free-for-all pace, one of four
events on today's grand circuit
program, developed into a world's
record breaking affair when Sir
Roche, the five-year-old pacing
gelding owned by L. E. Randall
of Chicago, defeated a field of
eight in three fastest heats
ever paced by a gelding.

His miles were made in 1:59 1/2,
2:02 and 2:01. The former re-
cord was held by Sanardo, made at
Syracuse last year. Sanardo's
time was 2:00 1/2, 1:59 1/2 and
2:03 1/2. Sir Roche today became
the sixteenth pacer to step a mile
in less than two minutes. His
1:59 1/2 was rated by quarters as
follows: :30, :30, :30 and :29 1/2.
Great Britain handily won the
2:05 trot, the Nell House stake
purse \$3,000, from Prince Loree,
the favorite, who was off form.
E. Colorado made Great Britain
step the fastest trotting heat of
the year in the second mile of the
race, which was "clocked" at
2:03 1/2. This also was a new re-
cord for Great Britain.

The 2:16 class pace went to
Neila Patch in straight heats.
She was easily the best in the
field. The final event, the 2:19
trot, was the poorest race of the
meeting. There were eight start-
ers and four were distanced.
Tolus Boy won.

INDEES WILL MEET
PORT UNION GIANTS

Manager Smith of the Indies
announced yesterday that the In-
dies will meet the Port Union
Giants of Springfield, Sunday at
the South Side park. The two
teams met here last season in a
three game series, the Indies win-
ning the series. Both teams are
going at a good clip and a good
game is promised. Manager Smith
has the Giants booked for another
series, all of the games to be
played on the Indies diamond.
Fryman and Clark will be the
batteries for Sunday's contest.
Ducy has returned to the Indies
and will play short.

sunk to a right to the stomach.
Tendler rushed in, landing lefts
to the jaw. He swung a hard
left to the jaw and right to the
head. Leonard landed with rights
and lefts. Leonard had the bet-
ter of a vicious exchange at close
quarters.

They danced around, and Leon-
ard landed short rights to the jaw,
sent both hands to the body and
rushed Tendler to the ropes. Leon-
ard missed a right uppercut and
hooked two glancing rights to the
jaw.

Leonard sent two hard rights
to the jaw. Leonard uppercut
with rights and left. They were
fighting hard at the gong.

SCHANG'S HOME RUN
WON FOR NEW YORK

The Defeat Cut the Browns' Lead
Down to Half a Game—Dan-
forth Ordered From the Game
in the Tenth.

ST. LOUIS, Mo., July 27.—
Schang's home run in the 11th in-
ning gave the Yankees a six to
five victory in 11 innings over St.
Louis. The defeat cut the
Browns' lead to half a game. The
Browns tied the score with a three
run rally in the ninth inning af-
ter the New Yorkers had taken the
lead in the eighth by scoring four
markers. Pipp of New York hit
a homer in the fourth.

Danforth was ordered out of
the game in the tenth by Umpire
Owens after the latter had exam-
ined a ball which Outfielder Witt
of New York had charged the
ball had been "doctored." The
ball was turned over to Umpire
Connolly who refused to let any-
body see it.

STOCK MARKET

NEW YORK, July 27.—Stock
 market prices were uneven in
 the early part of today's trading, but
 hardened generally later under
 the influence of a demand for the
 rails and other standard shares.
 Covering of short contracts in
 transportation was attributed to
 more encouraging advices re-
 specting strike conditions and fig-
 ures showing that car loadings at
 principal terminals had substan-
 tially increased.

Steels, equipments and other
 favorites of the industrial divi-
 sion reflected a tentative resump-
 tion of "bull" operations by pools.
 Extreme gains in those groups
 ranged from 2 to over 7 points.

Utilities also made a good
 showing, one of the strongest is-
 sues being Consolidated Gas,
 which made a substantial re-
 sponse to the announcement that
 the stock had been restored to its
 former 8 per cent annual basis.
 Sales amounted to 700,000
 shares.

Additional railroad reports for
 June were of a mixed character.
 In the main further net gains
 were shown.

Easy money rates caused fur-
 ther active buying of government
 war flotations in the bond mar-
 ket small gains being registered
 by most of the active issues.
 Fourth Liberty 4½s touched
 \$101.86 a new high, but reacted
 later, closing at \$101.70.

Total bond sales (par value)
 were \$16,205,000.

VISITOR FROM YAKIMA

Edward S. Gray of Yakima, state of Washington, is visiting his aunts, Mrs. Thomas Heaton and Mrs. George C. Guthrie. The gentleman's visit brings up many reminiscences of the past. Mr. Gray's mother was formerly Miss Fanny Braun, daughter of the late Jacob Braun, one of Jacksonville's most respected citizens. She had a brother Jacob and when they were children they were sweet singers and were much in demand at Sunday schools and religious gatherings.

A favorite song was often sung by them.

"Where do you journey my Brother?"

"Where do you journey, I pray?"

"Where do you journey my sister?"

"For sorrow and dark is the way"

"We are journeying homeward to Canaan"

Thru suffering and trial and care

And when we get safely to glory

Oh say! shall we meet you up there?"

Refrain

What is your mission, my brother, Oh say, shall we meet you all there?"

Oh what is your mission below

What is your mission, my sister?"

As journeying onward you go?

Our mission is practicing mercy

Sweet charity, patience and love

And following the footsteps of Jesus

That lead to the mansions above

Refrain

Oh yes, we will meet you, my brother,

God helping our weakness and sin;

Bear the cross we, my sister,

The crown will endeavor to win

We'll walk thru the vale and the shadow

Thru suffering and trial and care

And when we get safely to glory

We'll meet, yes we'll meet you all there.

IT STARTED SOMETHING

"I have not said anything to you but have been saying it to others and have induced many to take your medicine and be convinced. May's Wonderful Remedy is correctly named. It removed stuff from me I never thought could be in a human being and I feel like a different person. The pain in my right side disappeared at once, which four doctors said would require an operation, also the bloating and indigestion." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

EXETER RESIDENT IS GIVEN SURPRISE

THE "MOTHER OF MEDICINE"

Isis the Queen and afterwards the Goddess, was called the "Mother of Medicine." In ancient Egypt centuries before Christ, women were skilled in medicine. They knew the great value of medicinal plants.

Hippocrates, the "Father of Medicine," many centuries later, knew less of the merit of vegetable drugs than did the women of ancient times.

Lydia E. Pinkham, nearly fifty years ago, gave to women her Vegetable Compound, now known everywhere as Lydia E. Pinkham's Vegetable Compound. This is a woman's medicine for woman's ailments, prepared from medicinal plants.—Adv.

Corsets—Variety of Styles

Prices—98c to \$4.98

Only standard materials are used in the manufacture of the Corsets on sale in the J. C. Penney Company stores. One of the important features is the black boning which gives a wear-resistance not found in the old-fashioned paper-covered boning; also a pleasure in wearing that is appreciated. They conform gracefully to the figure, giving the much-desired uncorsetted effect with all the comfort of the ideal corset.

"Lady Lyke" Corsets

Back Lace—Black Boning
98c to \$2.98

Large variety of models and in all sizes. Made of coutil body cloth. Long hose supporters. Dainty trimmings.

Also Front Lace Corsets—Black Boning
\$1.49 to \$3.98

A number of models and in all sizes. Well made, daintily trimmed, plain coutil and brocades.

Every Corset is sold with our assurance of the utmost satisfaction. Each is hand-laundered and inspected three times before it leaves the factory. They are made exclusively for us and under an arrangement that enables us to sell them at prices that make them the greatest values known to the trade.
